

# As it happened in Bukit Jugra

Date: 14 December 2015

Run No: 3759

Hare: Francis Ng

Co-Hares: Tyson Foo (mastermind); Michael Lee; Jeffrey Wong; Tam Nam Ann.

Runners: 100

FROPS: Ah Meng at 7.28pm shortly followed by Mike Kwon and Chai

Distance: 10km

Checks: 4

The Run

There was a lot of anticipation about this run with many members coming early for a tea in a local café like Steve Leong, Sotong, Kelvin and gang, or in the case of Gary Murrell and On Cash Russell, Hokkien Mee at the restaurant. Chai's table were tucking into some fresh crab, and Young Yap's table had already started on the Tiger: it was going to be one of those evenings.

On the way to the restaurant we saw the 4.30 gang heading wearily through the scorching heat along the road before turning left on to a smaller lorong. It must have been a good 3 km before turning left along the lorong and up to the first check. It was an excellent and confusing check that had the whole pack searching. It was broken back and up the hill past a small shrine.

Then it was a hard slog up some slippery rocks before getting onto a good well-trodden path and then up. This was followed by veering right and a sharp downhill section. This was easy to traverse as it had already been roped to assist the descent. Full-marks to the Hare for arranging these ropes that looked as

though they had been there a while. Then up again to the second check. I believe it was here that there was a false trail that led to a bees nest so with shouts and screams a few turned back.

The rest of the pack went over the hill and on towards the lighthouse and then down to the road again for another 3 km home trail. All in all there was more road-running than jungle, but the pack really appreciated coming to an area that some had not been to for over 10 years.

And now the truth from Zuric

All runner's KL/PJ/Cheras taken highway to Run Site via SKVE easily to find the run site with clear small HHH sign. To local's they knew the area to MAT Salleh...99% is new run site, maybe to WongAhKow had the idea located. For Matthew Korean... all the way, due to many turn left, turn right road and late for about 8 minutes.

Due to Selangor football team as winner of Malaysia Cup on Sunday night, Beyong Ng have call to declared his run as Public Holiday for respect soon Beyong getting his Datuk Kong at run site.

When On Sec call on on for run begin, most of runner running toward premixed road toward Kampong. Lazy runner is wondering when the 1st check going to call....waiting waiting not happening. 1st check happened after 2.7km turn left toward inside Kelapa Sawit, front runner like Superoldman over OnSec for LCLY...not respect....maybe his older them OnSec...superoldman kena from floor during the on down with only Chinese Hare Song on in the World produced by Malaysian...we feel proud of it..MatSalleh and Korean's also know to sing song.

1st check taken about 10minutes to break through toward uphill, some running some jalan jalan and look see look see, half way uphill Korean's relax ...due to not enough oxygen. Young Korean please try harder you are host of InterHash ...uphill near the facing meet up with Ah Chai just promoted as

“Chinese Ah Kong” with grandson, ready for another big event going to happen soon by AhChai....his stop us for going uphill said Hornet/Bee uphill, made some of runner wondering, maybe AhChai want short cut to go back...after double check some of runner follow him down for short cutter but we had ball to run, just continues la...the bee run away la.

For runners this run is too easy nothing hard core, after reaching the Light House/Tower, the site seeing is very nice facing the Melaka Sea and downhill to going back to run site, everybody seen to be very happy and have Hand Shake with Beyong Ng, maybe tonight free on on with Harimau Beer.

As usual, on down going very smooth without “ Sky Rain”...thanks god for helping us to give wonderful evening and during the dinner Beyong well presented with good foods and HarimauBeer and FOC..makan.... Believed some of runner after the dinner is thinking how to go back KL/PJ...for YongHew to drive until noway and made U turn. God bless him to have his journey go back.

On On !

The Circle

The atmosphere at the run site was jubilant with all the runners coming out before 8pm. Ah Hock finally presented his case of Guinness and the Hare did the same with a case of Tiger. In fact I heard that the generous Hare, Francis, added yet another case of Guinness as the circle progressed.

Tan, the Butler who escaped from last week, was captured this week and donned the relatively new livery, then got the Pan ready. But first he had a beer and a good song for himself.

The Hares were called up and a rousing ‘Good Run’ was called, and Tyson Foo, the mastermind, basked in his bit of glory along with the Hare.

On Cash Russell looked around for Ah Hean for his subs, but was no-where to be seen so he handed out some new mugs for

Mathew Lee and Young Yap. Then Lim Kin Hai or 'Hai Long Wong' was chastised for receiving his mug last week and then leaving it at the restaurant. Interhash Sec was not there so we moved straight on to the guests and visitors. There was a fair crowd of 11 including LFD – Little Fat Dragon – who must have been running with us at least 4 times, so next time we see him we need to pass him a joining form. The other guests were Tom 'Beats Me' from the Yongsan Kimchi Hash; Jack Chai (virgin), SL who's also done more than 4 runs with us; Loong (virgin); Kim Tae Jung (virgin); and IWK and Long Island from the Batang Bulldog chapter, and one other who seemed very shy at the circle. Was it because he hadn't paid his guest fees? We believe one person didn't. There were also a number of Co-Hares as visitors who paid their fees but disappeared into the night (or the restaurant).

Bomoh time saw Leong Pan Wai (Silent Dragon) charging the Datuks Jeffrey Wong and Michael Chew (Michael Lee stand in) with organising an extra holiday in Selangor for the Hash. He then picked on Francis Ng, the Hare, for the longest first check he'd ever experienced at 3km. In fact he got a double down down as he was also charged with setting the trail across someone's vegetable fields. Tyson Foo, the mastermind, was charged for setting the trail along a pre-laid hiker's trail; and Zuric was charged for no manners. Then B J Kang was charged for saying his father was younger than the Bomoh.

Charges from the floor were plenty with Zuric charging Billy NoHair for losing a mug, but it was a false charge as the culprit was charged earlier. On Sec was charged for leaving the pan and the Butler's uniform at last week's run site. Tyson Foo was charged for getting Mountain Goat, Hew and Big Mouth Monkey stung by bees. And finally Won Ten Haur was charged for having new shoes.

The Viking Seafood restaurant was taken over by the pack with another week of nine full tables. The Hare generously provided beer on the table and then more when that had finished. The food was excellent and at a brilliant location. Francis also

provided all the food and drinks FOC. Naturally the Terimakaseh song was sung. It was a fantastic evening in a great location. Thanks very much for your incredible generosity, Francis, and for an excellent evening.
