Co-hare: Taufu Soo, Young Yap, Chai Kin Sang

With such proximity to KL and PJ, this prostitute runsite naturally attract good crowd, at 5.15 pm arrive at runsite, there lie an almost full carpark by our hashers causing panic to some of the adjoining restaurant whose workers quickly putting up chairs to block up some of the remaining spaces for their patrons.

By six the crowd had swell to almost a 100 hashers packing up the whole runsite, with On Sec leading the pack towards the hill, Cars going in and out of these housing estate had to stop in their path and the gated security barrier automatically open up for our run through. Up the hill and down to the road leading to Fraser Tower for a 1st long check which took a couple of minutes to break. Then it's up the flight of ascending steps to the back of Gasing Indian Temple and down towards to the main entrance of Gasing Hill for 2nd check, quickly found then it's up again to the boundary fencing between K.L. and P.J. for a 3rd check and the fourth were all quickly found rounding up towards Pantai Hill Park newly built condo area.

By now we were running on the terraces of the hill fully grown with thorny scrubs where yours truly were careful in treading through and yet still getting spike and wonder how many macho FROP's hashers who were bashing through were caught in this situation. The home trails took us to the back of Pantai Dalam Muslim cemetery and then onto the newly built Pantai Hill Sanctuary and back on the road for 1km run in.

FROPs were Ng Angan (Ah Kar) at 7.17pm with the last few in at 8.11pm just as On Sec was about to start the circle. From the grapevine at the beer wagon, the co-hares only went in to set the run at 5pm screwing up the 4.30 gang's weekly ritual and believe that they must have cursed like hell.

At the circle Newbies Eric Tan was elected to serve as Butler,

The first thing on the agenda was ON See's call on the Hare and his co-hare where the run was rated as good amongst the crowd which prompt two group singing different song – Oh! Oh! On Sec in future you should be leading the singing parts. On Cash came and blasted 2 members in Jeymond Toh and Billy Yap for being the last two in not paying up the last quarter.

The guests for the day were Power Balls from Batu Hash, Little fart Dragon from Friday Hash and Stan from Miri Hash where Power Balls was told by the crowd that either he joins as member the next time or piss off for coming as guest for more than 3 times.

Next was the Bomoh Leong Phang Wai's turn and he immediately charge On Sec for mis-spelling Arthur name as Author followed by Red Dragon who simply accused On Cash for not having water where there were lots of it at runsite and was given CCB song. Bomoh brought Charlie Len aka Ah Wah to the box to celebrate his 57 birthday.

After Bomoh, Interhash Sec Hardy took over the box and thanked Mathew for his over indulgence in Korea and call on the Hare for not throwing enough paper causing him in wasting an hour in looking for paper and Bull was given a CCB song.

The last baton was handed to Billy NoHair who charged Stan of Miri Hash for being arrogant by wearing some unmentionable T shirt but he was given a good song. He also charged Bon for running like an unmentionable with socks and glove in hand.

Bon look alike, Monkey was given the amber fluid. Last was Sang Kai Mai who was watching the unloading of construction material was reminded on the danger of it while on the run. On On was just across the road Sol 191 Thai restaurant where some simple Thai fried rice, fried beehoon, vege and chicken was serve and it is good that the fare was RM15 per head going back to the good old day where no free on on was the usual fare.

Thanks Bull for a good run and same for the On On food.
Cheers mate
