

**AS IT WAS ON RUN 3796  
AT BERANANG (22/8/2016)  
HARE :CLIFTON ALDEN JONES**

After the dissatisfaction expressed on Run No 3795 despite the generous & lavish ON ON, the pressure was on the hare to set a reasonable long run in an area where a large area has been lost to development. The hare together with his co hares were at a loss as they had not anticipated the rapid pace of development from the time of Hew's run at the same run site. What were now left were 2 pockets of old rubber and OP to the left and right of a vast expanse of clearing. The game plan was sealed after a tedious recce on a very hot Saturday afternoon just before Monday.

From the run site it was a long 1.2 km run to old Bangi road to 1st check. The 4.30 runners wasted much time checking across the road we were told. Connecting paper was laid up the hill among old rubber on the right. Up the hill, it was check 2 and a false to slow down front runners. Paper was laid from the Old OP area until the edge of the secondary jungle.

Check 3 to confuse runners before the 1 km crossing to the 2nd pocket of secondary jungle & OP. Check 4, 5 & 6 were to ensure runners are kept together at the fringe and nobody gets back before 7.30pm. Total distances on the GPS 12.3KM.

1st runners out, Monkey, Ah Meng, sotong and a few others at 7.30pm followed by Hoi Loong Wong slightly later. The rest staggered in with the last runner in after 8.00pm to a refreshing watermelon, fried fish and noodle provided by the generous hare.

Mother hash has a new music man in Tony Maidu who came complete with his guitar & song Book stand although he was not able to figure out how it works until taught by none other than Billy No Hair. Keep it up man!

Circle started at around 8.30pm with a new butler on duty from the recent 5 recruits by Chew Leng Chai.

Hare and Co hares were acknowledged for the well thought out run which could well be the last in this otherwise beautiful run site. No

more long enough runs will be possible in this area for Mother Hash after this. Another run site gone forever to Development! What a shame!

The highlight of the night, On Cash, only 2 Chowkar on his list, both battling to be infamous as being longest on the outstanding Sub list. Mother Hash should fight back and slap them with compound interest at 10% per day!

Next week's hare Ah Chai sent his representative, Kenny Saw, to give verbal instruction to his run site & a little hint as to what to expect. Members don't give the Merdeka run a miss & be very surprised with what has been planned for you.

Kenny, acting as Bomoh for the night, charged On Sec for been bribed by the Koreans last Monday. The run was under 1 hour on well-trodden path & was considered too short and should have been fined. But in all fairness, it was a good effort by the virgin hare & inexperienced co hares. Rules are not casted in stone & the On Sec should be allowed to exercise some discretion. After all the On Sec is always RIGHT!

Next the new members of Mother hash were hauled up for not been in proper attire. On Cash was called to sell them a Mother Hash shirt each but because he has run out of stock he will give the one each FOC.

There were a few charges from the weekend event at the royal stout where Hardy accused Ninja who was acting as MC for the event, of been long winded cutting his dancing time with his unmentionable. Ninja followed up with complains against hardy of being left hungry for the night. AhKah & Monkey who proudly proclaimed as Mother Hash Members were charged for registering for the event with unmentionable Chapters.

Dennis Khoo brought his old & out of commission hash horn in an attempt to hoodwink On Sec, past & present, to practice their blow job. Nice attempt Dennis but it wouldn't work!

At close to 9.00PM circle ends, Members were treated to an alley of Indian sumptuous food. By 9.40 both food and beer had ran out & it was a perfect close to a lovely evening.

Thanks you! Clifton for the wonderful evening!

Thank you Hash Dragon.
