On 3/10/2016 Monday is Public Holiday. Quantity of hasher attendance very good and most of them looking forward for “hot swimming pool”.

For senior knew today is “Fine run” for 2nd time and set 3rd run with Highly respected “Mat Salleh of 3-JER” (John, Excellent, Roger) to set run. Many of us expected “Perfect Run”.

As usual , OnSec called 6.00pm On On to start run, after 50 meter out from main gate, “Smart Eddy Khor” (SEK) become 2nd OnSec to lead a group of hasher to turn left for easy way. “SEK” damaged the OnSec job. “SEK” must sing him Song No. 5

Many hasher reach the river after crossing premixed road, some just cross the river but some “Kiasu” made “U” turn for not wet shoe and made used of hand made Bamboo Bridge for crossing, but the “SEK” still lead his way for “safe journey”...haha never never never finish run not Ball to run on monday.....

During the 3km run, “Mat Salleh of 3-JER” gives us confident and very easy way run, beside “Ah Wah” as video man and some of Junior members happily taking photo and video SHOOTING for making hash movie soon... and reached 3rd check point at river, check point paper at centre river, turning left and right found all are “Not Right” and paper discontinues ...meaning no way to go la.. of course some hasher looking forward for check point opposite river flow also “Not Way to go”, at this movement some of hasher start making joke...haha...3rd “Fine run” going to be ????“Billy Not Hair” making fun provide some idea how to getting thing done...still fail not way to run. After 20 minutes most of hasher turn back but the ***Mother Hash Power:***still searching left, right, front, back...fi- nally some one call ON ON... the paper actually located at opposite of check point toward river. After 3rd check point day become darkness hasher start on torch light for “brighten journey” for junior hasher always can’t see the paper due inexperience but they are is good team work, respect for taking care others.

From 3rd check onward still 3 check points to go, made hasher a bit taught time due to day become dark “No Moon”, of course with “Monkey, Superoldman, Ah Meng, Hau, Billy Not Hair &On Sec” all the check easily break through and on the way go back to run site.

Understand the 1st runner out at time 8.10pm, Highly respected Hare “Mat Salleh of 3-JER” (John, Excellent, Roger) out from set run about 7.45pm. The trail actually is very good run not complain maybe the luck is not with us during the 3rd check point, God only know....OnSec finally made a decision is “Fine Run” but no 4th run or 10

weekeer as usual done to replace by "Tiger Beer 72 bottles" for easy job not to set 4th run and for making "Guinnies Record".

Circle time, our "Ah Long Russell" back to work after 3 weeks missing spend good time at London watch EPL with our money. Onsec call for Guinnies Stout bar open. We have "Hawaii Man" as 1st time guest, OnSec called Barry to do official ceremony well done and "Hawaii Man" very happy at Ulu Benam run site for history. During the circle time last group of 12 hasher back at 9.30pm and get on down. Ah Leong like no body business in his mind always thinks of song no. 5. Happily all hasher out from trail in good shape. OnSec also remind all hasher to pay entry fee for parking and hot swimming pool.

With next week hare as 1st time bomoh "Tony Japan" offering the guitar and song, a bit out of rhythm during the on down due his injuries during the run and taking motorbike back to run site with some hasher help..... Showing his talent sing with guitar as Solo singer. Most of time is not on down hasher but teaching how to sing until "Excellent Choice" also confuse get the bomoh on down and inform bomoh how to do on down job.
